

FLAT GLASS SOFTWARE

TOOLS FOR SUCCESS

Mainstreet™ business solutions help you manage your glazing jobs - IG units, glass railings, mirrors, table tops, shower glass and more. Create quotes, measure sheets and purchase orders and then schedule, invoice and manage accounting within our best-in-class Point of Sale (POS) software. Customizable parts with dimensional and itemized pricing ensure consistent, accurate quotes. Pair your POS with MobilePRO™ tech app for a paperless and professional presentation that is sure to impress.

Glas-Avenue™ is accessible anywhere you are, so you can run your business in the office or out. Take the guesswork out of your residential and commercial flat glass jobs. Contact us to get started!
